

**Restorative Dental Associates  
Financial Policy  
August 1, 2013**

**PAYMENT FOR SERVICES RENDERED**

Dental treatment is an excellent investment in an individual's medical and psychological well-being. Our office believes financial considerations should not be an obstacle to obtaining this important health service. Being sensitive to different people's needs, we are pleased to provide many payment options, including

- Time-Phased Treatment Plans
- 5% Cash Discount for Full Payment Prior to Beginning Treatment
- 90-Day, No Interest Office Payment Plan
- Care Credit<sup>®</sup> Dental Financing (See Below)

Except for patients who have arranged an Office Payment Plan, payment for professional services is due when services are rendered. For patients with dental insurance, your portion of the dental fees (co-pays, deductibles, etc.) is due at the time of service.

We accept cash, personal checks, debit cards and credit cards.

**CARE CREDIT<sup>®</sup> DENTAL FINANCING**

We're pleased to offer our patients CareCredit<sup>®</sup>, North America's leader in patient payment plans. CareCredit<sup>®</sup> lets you begin your treatment immediately—then pay for it over time with low monthly payments that fit easily into your monthly budget.

CareCredit<sup>®</sup> is the credit card exclusively for healthcare services. With no up-front costs and no pre-payment penalties, CareCredit<sup>®</sup> lets you pay over time and frees up cash and credit cards for the other things you want or need. CareCredit<sup>®</sup> offers low monthly payment plans for healthcare procedures not commonly covered by insurance, including dental treatments. Plus, you can use your card again and again to pay for additional treatment for yourself or family members in any CareCredit<sup>®</sup> practice.
